INSTALLATION INSTRUCTION & FEATURES

Harder

Compared With Ordinary Plastics, Vergin Polypropylene Plastic High-quality Material Has Higher Hardness Because It Is A Polypropylene Plastic, It Has Strong Wear Resistance And Scratch Resistance.

Timeless Beauty

The Finish Is Like Ceramics, Which Has Higher Moisture Resistance And No Color Difference After Long Time

Easy Clean

Our Product Surface is smooth, and Very easy to clean within seconds.

Soft Close

Soft-closing toilet seats are a practical and quiet alternative to traditional toilet seats. The modern and functional design means that these toilet seats close slowly in a controlled manner without requiring assistance. We have outlined the main reasons why a soft close toilet seat is a comfortable and helpful addition to any bathroom. Please Use The Hydraulic Pressure For A Longtime, And The Cycle Time Reach 1,00,000 Times.
